Lessee agrees to rent the Poly Tank(s) described in this Rental Agreement under the terms and conditions set forth on the face and on the reverse side hereof, for a term beginning on the date hereof and ending on written or oral notice of termination given by either party to the other.

All liquids to be stored by lessee in the tank(s) must be represented in, and storage conditions must conform to the General Chemical Resistance Chart published under separate cover. Chemicals and conditions not listed must be approved by Poly Tanks management before placing the tank(s) into service. Lessee will not tamper with or remove pressure/vacuum relief valves provided on Vapor Proof tanks. Liquid Level gages provided on some tanks are indicators only, and are not to be used exclusively to gage each tank's contents.

Lessee has inspected the tank(s) rented pursuant to this Rental Agreement after their installation by Poly Tanks, Inc., acknowledges that the tank(s) are in good condition and that the installation is accepted by Lessee.

POLY TANKS, INC.

TERMS AND CONDITIONS OF RENTAL AGREEMENT

1. Poly Tanks, Inc. ("Poly") shall deliver the tank(s) described on the face hereof to the site designate by Lessee. Poly shall "spot" the tank(s) as directed by Lessee and Poly shall pick up the tank(s) upon the termination of this Rental Agreement, unless Poly reasonably concludes that such spotting or pick up requires a crane, A-frame or other special equipment not ordinarily used by Poly to spot or pick up tanks rented by its customers. Lessee shall bear the expense of and arrange for any special equipment not ordinarily used by Poly to spot or pick up tanks rented by its customers if Poly reasonably concludes that such equipment is necessary.

2. Transportation costs for delivery and pick up, cleaning and rent for each tank covered by this Rental Agreement shall be in accordance with Poly's Rate Sheet in effect from time to time. Rent for each tank shall be payable for the period from the date Poly delivers the tank(s) to Lessee through the date of termination of this Rental Agreement; provided, however, that rent shall continue to accrue on tanks that Poly reasonably concludes require use of special equipment for removal due to the presence of Lessee installed or caused obstacles and shall continue to accrue until Lessee removes such obstacles to removal. In the event that Poly picks up a tank(s) on termination of this Rental Agreement, or for any other reason, and such tank(s) contain waste materials necessitating cleaning such tank(s), all cleaning costs and all responsibilities and costs of disposing of such waste materials shall be the sole obligation of the Lessee. Accrued rent, cleaning and transportation costs are payable on Poly's demand. Upon termination of this Rental Agreement, if full payment is not received by Poly within five (5) days after demand, Poly may enter Lessee's property and empty and remove all tanks, accessory equipment and parts without notice or liability for damage to Lessee's property or other damages of any kind.

3. Lessee shall care for, control and be responsible for the tank(s), and for accessory equipment and parts furnished by Poly in connection therewith, from the time they are delivered to Lessee until Poly physically begins to remove them. Lessee shall not assign or transfer its rights hereunder. Lessee shall not move the tank(s) from their location after spotting without Poly's prior written consent. Lessee is strictly liable for any and all loss or damage to the tank(s), accessory equipment and parts, whether caused by Lessee, third persons, acts of God or otherwise, until Poly physically begins to remove them, except for reasonable wear and tear in normal use.

4. Poly warrants only that the tank(s), accessory equipment and parts furnished by Poly pursuant to this Rental Agreement are free from defects of workmanship and material; provided, however, that **LIABILITY FOR BREACH OF THIS WARRANTY OF WORKMANSHIP AND MATERIAL IS LIMITED TO REPLACEMENT OF THE PART OR PARTS SHOWN TO BE DEFECTIVE UNDER PROPER USE. THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARE HEREBY EXPRESSLY EXCLUDED.** Furthermore, Poly hereby warns Lessee that some materials and storage conditions will damage its tank(s), and Lessee is responsible and liable, under paragraph 3, for any damages caused by materials and storage conditions not represented in the General Chemical Resistance Chart, a reference guide published by Poly. These warranty provisions cannot be amended or modified orally or in writing and supersede any contrary representations or warranties, expressed or implied. In addition, Poly shall not be responsible for any damage or loss caused by the negligence of Poly's employees or agents occurring in connection with the performance of this Rental Agreement.

5. Lessee expressly agrees to indemnify and hold Poly harmless of, from, and against any and all losses, costs, damages, attorneys' fees, or expenses of any kind or nature, or other liabilities, resulting from or arising out of the use of said tank(s) by Lessee or in connection with this Rental Agreement.

6. This Rental Agreement does not and is not intended to create any security interest in its subject matter. At all times, full title to the tank(s), accessory equipment and parts remains in Poly.

7. If action be successfully instituted by Poly for the collection of any fees, charges or damages under this Rental Agreement, Lessee shall pay a reasonable sum in addition thereto as attorneys' fees and other costs of collection.

LAND DISPOSAL RESTRICTION NOTIFICATION

Generator Name: Douglas Aircraft Co.EPA ID Number: CAD086510005Manifest Number: 93038
90411862Date of Shipment: 02-11-93Indicate Waste Line Item (11): A.

This notification is hereby submitted to **NORRIS ENVIRONMENTAL SERVICES** in compliance with EPA regulations described in 40 CFR Part 268 which prohibit the land disposal of certain hazardous wastes, unless these wastes are treated to meet specified standards or treated using specified treatment technologies.

I have marked the appropriate box(es) below, which indicates how my waste must be managed to conform to land disposal ban and/or federal regulations.

RCRA Land Disposal NotificationCalifornia List Wastes Notification

- ☐ Liquid hazardous waste including free liquids associated with any solid or sludge containing free cyanide at concentrations greater than or equal to 1000mg/L.

Treatment Standard-Cyanide Destruction Stabilization

- ☐ Liquid hazardous wastes, including free liquids associated with any solid or sludge, containing the following metals (or elements) at concentrations greater than or equal to those specified below:

Treatment Standard-Metals Recovery Stabilization

(check those that apply)

Telephone NumberWaste Requires Treatment

- ☒ I am the initial generator of an untreated waste identified above which must be treated in the appropriate treatment standard set forth in 40 CFR 268 Subpart D, or where no treatment standard exists for the California List Waste, the waste must be treated to the levels specified under 40 CFR 268.32.

Waste Treated to Performance Standards

- ☐ The waste identified above has been treated in compliance with the applicable performance standards specified in 40 CFR 268 Subpart D and/or the applicable prohibitions set forth in 40 CFR 268.32. "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and that, based upon my inquiry of those individuals immediately responsible for obtaining this information, I believe that the treatment process used to support this certification and that, based upon my inquiry of those individuals immediately responsible for obtaining this information, I believe that the treatment process has been operated and maintained properly so as to comply with the performance levels specified in 40 CFR Part 268 Subpart D and all applicable prohibitions set forth in 40 CFR 268.32 or RCRA Section 3004(s) without dilutions of the prohibited waste. I am aware that there are significant penalties for submitting a false certification, including the possibility of a fine and imprisonment.

Waste Subject to Variance

- ☐ The waste identified above is subject to a case-by-case extension under 40 CFR 268.5, a no-migration petition under 40 CFR 268.6, a nationwide variance under Subpart C, or is soil or debris generated from a response action taken under CERCLA or corrective action under RCRA.
